

DHAARINI K N HATHWAR

Bengaluru, Karnataka | 6362346462 | [LinkedIn](#) | dhaariniknhathwar@gmail.com

OBJECTIVE

AI Engineer with experience in AI Agents, Large Language Models (LLMs), Retrieval-Augmented Generation (RAG), Azure DevOps, Kubernetes, and CI/CD automation. Strong foundation in Python, SQL, PySpark, and Machine Learning with experience building scalable AI solutions.

EXPERIENCE

AI/ML Engineer – Unisys, Bengaluru

February 2026 - Present

Developed AI Agents, LLM-based applications, and Retrieval-Augmented Generation (RAG) solutions. Built Azure DevOps CI/CD pipelines, Docker containers, Kubernetes manifests, and automated deployments on Azure Kubernetes Service (AKS).

Data Scientist Intern – Nielsen, Bengaluru

March 2025 - August 2025

Analysed U.S. television audience datasets (>10M records) using Python, SQL, and PySpark, and built automation frameworks that reduced processing time by 30%. Supported production-level pipelines, enabling faster, data-driven solutions for business and client teams.

IT Intern – Tresvista Analytics LLP, Bengaluru

August 2024 - February 2025

Assisted in IT infrastructure support, system administration, and network troubleshooting while resolving technical issues across the organization.

TECHNICAL SKILLS

- **Generative AI:** Large Language Models (LLMs), AI Agents, Retrieval-Augmented Generation (RAG), Prompt Engineering, Machine Learning
- **Programming:** Python, SQL, PySpark, Pandas, NumPy
- **Cloud & DevOps:** Azure, Azure DevOps, Docker, Kubernetes, AKS, ACR, Git, CI/CD
- **Data Engineering & Analytics:** Data Processing, Data Analysis, ETL Pipelines, Data Visualization
- **Soft Skills:** Problem Solving, Analytical Thinking, Collaboration, Time Management, Communication

PROJECTS

AI Deployment & Pipeline Automation Agent

- **Overview:** AI-powered deployment agent for automating cloud-native application deployments.
- **Technologies:** LLMs, RAG, Azure DevOps, Docker, Kubernetes, Helm, AKS.
- **Key Contribution:** Generated Dockerfiles, Kubernetes manifests, Helm values, and CI/CD pipelines from source repositories through an agent.
- **Business Impact:** Automated deployments, reduced manual DevOps effort

Audience Analytics Module

- **Overview:** Analytics solution for processing U.S. television audience and DMA datasets.
- **Technologies:** Python, SQL, PySpark.
- **Key Contribution:** Automated DMA penetration calculations and optimized data processing.

- **Business Impact:** Reduced processing time by **30%** while improving data accuracy and reporting.

MSM File Engineering

- **Overview:** Data engineering solution for television audience datasets.
- **Technologies:** Python, SQL.
- **Key Contribution:** Automated data extraction, transformation, validation, and refresh workflows.
- **Business Impact:** Improved dataset quality and accelerated downstream analytics and reporting.

AgriSphere: Seamless AgriTech Integration

- **Overview:** Intelligent AgriTech platform for data-driven farming decisions.
- **Technologies:** Machine Learning, React.js, Node.js, MongoDB.
- **Key Contribution:** Developed ML models for crop recommendation, soil analysis, and plant disease detection.
- **Business Impact:** Enabled farmers to make informed decisions through real-time insights and predictions.

EDUCATION

B. Tech – Artificial Intelligence and Data Science	2025
REVA University GPA: 9.66/10	
PUC – PCMB	2021
Nagarjuna PU College, Percentage – 100%	
SSLC – Oxford English School, Percentage – 97.1%	2019

CERTIFICATIONS & ACHIEVEMENTS

CERTIFICATIONS

- Claude Certified Architect – **Anthropic**
- Microsoft Certified: Power BI Data Analyst Associate – **Microsoft**
- Data Science Foundations – **University of London (Coursera, 2025)**
- Data Analytics with Python – **NPTEL**
- Master Class on Data Science and Analytics – **Pantech E-Learning**
- Digital Engineering – **NASSCOM ER&D Industry**
- Google IT Support – **Coursera**
- UI/UX Design – **Coursera**

ACHIEVEMENTS & PUBLICATIONS

- Innovator at **TCS DISQ** – Project on *Food Waste Management and Illegal Dumping*
- Published Research Paper: *Melanoma Mirage: Unmasking Skin Cancer with Deep Learning* – **IEEE CSITSS**
- Book Chapter: *Power-Aware Virtualization: Dynamic Voltage Frequency Scaling Insights and Communication-Aware Request Stacking* – **IGI Global**
